Testimonial Heather, December 2022

Eilish is just the most amazing person. We have so, so, so many positive things to say. We had Eilish play live music and vocals during our drinks and canapés post ceremony, then seamlessly move indoors to our dinner music and later DJing. Eilish is just bursting with talent, smiles, outstanding industry knowledge and the most incredible vocals. Eilish was kind enough to spend time with me on the night chatting and reassuring me about the first dance - one that we couldn't properly prepare for due to unforeseen circumstances. Eilish was equal parts reassuring and encouraging. She, again seamlessly, read the room and moved between the speeches ending, to the first dance starting, to the dance floor pumping wide open! We were thrilled! Hands down would recommend contacting Eilish for your wedding, she is absolutely fabulous and we adore her! x
